LUMRYZ New Patient Start Checklist

Lumryz™
(sodium oxybate) for extended-release
oral suspension 4.5 | 6 | 7.5 | 9 g

COMPLETE RYZUP™ & LUMRYZ REMS ENROLLMENT

Start at RYZUPConnect.com

- Have the following information during enrollment:
 1. Patient insurance information
 2. Patient diagnosis
 3. Patient dose
- If not in office, enter patient's email address and they will receive two separate emails with instructions to complete and e-sign RYZUP & REMS enrollment forms online.

Need login credentials for LUMRYZ REMS portal? Contact your Avadel representative or LUMRYZ REMS Support at **(877) 453-1029**

COMPLETE LUMRYZ PRESCRIPTION FORM

- Prescriber will receive an email to securely access and e-sign LUMRYZ Prescription Form online.
- If preferred, download completed form and obtain prescriber's signature on REMS VERIFICATION signature line. Note: medication fields will not be filled in.

Ensure prescriber e-signs LUMRYZ Prescription Form or upload signed copy to **RYZUPConnect**

COMPLETE PRIOR AUTHORIZATION *(if necessary)*

- If a prior authorization is required, you will receive a CoverMyMeds® key code by fax.
- Submit ePA through CoverMyMeds using key code provided or fax completed Prior Authorization form to patient's insurance plan.

Send Prior Authorization Determination (Approved/Denial) to **RYZUP Support Services**

SUBMIT eRx TO PHARMACY

- **Once coverage is confirmed**, submit the e-prescription to the LUMRYZ dispensing pharmacy identified by RYZUP Support Services or your Field Reimbursement Manager.

See pharmacy eRx listings on back cover of the **LUMRYZ Enrollment Kit**

Need to send documents to RYZUP Support Services?
Fax: **(877) 206-3198** Upload: **RYZUPConnect.com**
